

THE ORIGINAL LONDON STAGE MUSICAL

To whom it may concern:

I have had the pleasure of being worked on by Ms. Torre. I find her work to be precise and very methodical, yet deep, non-invasive and extremely intuitive.

As a person who travels frequently and has massage done on himself regularly, I find Ms. Torre's work also to be some of the best I've received in the United States.

She comes to you with my highest personal recommendation.

Most Sincerely,
